From the photos we create for you, we can produce **beautiful, lasting color prints**, from wallet to wall-sized; even mount, matt, and frame them for you.

We can print your digital photos.

We'll talk with you in order to plan the photos you want us to create for you. For most arrangements you pay a modest booking fee.

After the photo shoot we send you proofsheets so that you can order the photos you like in the form you want: as unmounted enlargements, mounted and framed, digital files on CD, and web displays. (Architectural and copy photos, restored and newsworthy event photos are supplied as digital files on CD) Read on and you'll learn the details about arrangements for each type of still photography product and service we offer.

## PERSONAL PORTRAIT PHOTOGRAPHY

We will come to your home or location of your choice, set up lights and cameras, and stage a portrait sitting. The setting can be outdoors if you like.

We'll need about an hour to set up background draping and lighting for an interior setting, and may need that long to carry equipment into an outdoor setting in order to suitably modify available light.

If possible, we would like to scout any location we haven't seen before so that

we can plan the most expedient way to set up our equipment.

To really capture your best likeness, we'd like to take you to dinner or at least sit and talk with you. If we could meet about a week before the sitting, we'll

have a chance to get to know you and understand how you like to be seen. Any time we can spend together before the portrait sitting will help us create a more personal result for you.

After setting up our photo equipment in the location you choose, a **sitting takes about 1 hour, not more than 3**, and about an additional half hour to remove our equipment. Make sure that your hair and makeup, if you use any, are ready. If you wish, and the location permits, you may change clothes during the sitting.

We will send you **proofsheets within 2 days** of the sitting so that you can select the pictures you'd like as prints, perhaps mounted and framed, or in an album. You can select from our price list and order for yourself, and for those close to

you. We will send you the **portraits within 2 weeks** of receiving your order. Since we archive the pictures we shoot, you can **reorder additional prints at any time**.

Arranging a portrait sitting is easy. Call and talk with us at **510-748-9811**, or contact us by email. Our address is **jwoodard@freemanbusiness.net**

**Booking Fee**

The sitting will require the payment of a **booking fee of \$75.00**.

You may pay by check or money order to Joseph Woodard.

**Length of Portrait Sitting and Location**

A sitting requires about an hour to set up, **1 to 3 hours at most for photography**, and about a half hour to pack up our equipment.

The **booking fee covers any location within 50 miles of Alameda, California**. Locations further away but still within California will require time and travel charges: \$0.25/mile after the first 50 miles plus \$20.00/hour travel time to and from the sitting. (These additional charges, if applicable, are billed when we send you proofsheets.)

**Your Pictures**

You can **order pictures from the proofsheets** we send you after the sitting. A copy of the price list in this flyer will be included so that you can remit payment with your order by check or money order.

**FAMILY EVENT PICTURE PACKAGES**

Our photos will preserve your family events for decades to come; events like...

- Birthdays
- Graduations
- Weddings
- Reunions
- Anniversaries
- Retirements
- Memorials

We will meet with you to plan arrangements for the photos you want. We may meet with you more than once before the event to make sure we know who's most important to you and the memories you want to preserve.

If possible, we would like to scout any location we haven't seen before so that

we can plan the most expedient way to set up our equipment.
